2009 Scott Valley Pleasure Park Rodeos -- Photos by Stanley Krute

Some Notes About Image and Print Quality

Pictures are taken with state-of-the-art Nikon digital SLRs and lenses. The raw image from the camera is carefully image-processed for color, exposure, response curve, detail, grain, and composition. Prints are made using high-end HP giclée (fancy many-colors inkjet) printers, and have an estimated fade-free lifetime of 80+ years. The clarity, detail, and color fidelity of these pictures are remarkable. Odds are you've never seen prints this nice. Your satisfaction is fully guaranteed.
